

Title	Macquarie (Trangie) Central Test Sire Evaluation
Alternative title(s)	MSE flock
Abstract	Pedigree and performance data (growth, carcass, visual and wool production trait records across post weaning, hogget and adult ages) recorded on progeny born in 2008, 2012, 2013, 2015, 2017 and 2018 at the Trangie site of the Macquarie Sire Evaluation Association. The progeny were produced by AI matings of ewes to a diverse range of Merino sires. Progeny born in 2017 and 2018 are also the Macquarie site component of AWI's Merino Lifetime Productivity Project (MLP), which is also recording production and reproduction records across the lifetime of the ewe progeny.
