

Title	Assessment of phosphorus rates, placement, and sowing date effects on winter crops in Southern Australia (2020-2024)
Abstract	Field and laboratory experiments to evaluate phosphorus rates, placement strategies and sowing date on phosphorus uptake, grain yield and water use of winter crops in SNSW, Vic and SA. Data sets will comprise; harvest yield, phosphorous uptake and water use by a range of species for five crop years (2020-2024).
